Subject: [EXTERNAL] Re: Revised Draft FS for Area 40

Hi Chris,

I'm in the process of finalizing our comment/concurrence letter on the report. I did have our ESU staff engaged to provide additional analysis of the cost estimates for the remedial alternatives but have not received any status updates on their evaluation. Nonetheless I will have a draft letter to AR before the end of the week. I hope this works.

FYI I will be out of the office between March 5th thru March 16th on vacation. Thank you.

-Pete

Hi Everyone – Just checking in on FS review progress. I did not receive a response to my e-mail last week. Is everyone on track for sending comments by tomorrow? Thanks, Chris

Subject: RE: Revised Draft FS for Area 40

Hi Everyone – Based upon the final comments received on the HHERA, there are no changes to the COCs or the extent of chemical impacts. As such, I wanted to check in on your progress with the review of the revised draft FS report. Can you please provide an ETA for your comments? Thanks! Chris
